

VOLUNTEER WORK PROGRAM - RNSM

Volunteer Work **Curitiba-PR**

2018 ANNOUNCEMENT

From 05/18 to 07/18 – 02 opportunities

From 10/05 to 12/05 – 02 opportunities

SALTO MORATO NATURAL RESERVE VOLUNTEER WORK PROGRAM

The Salto Morato Natural Reserve Volunteer Work Program, managed by the Boticário Group Foundation for Nature Protection, was created in accordance with Law no. 9608/1998, which governs volunteer work in Brazil.

GOAL

Provide an opportunity for any citizen to experience the routine of a natural area, to be in contact with nature and to become a multiplier of environmental protection and supporter of preservation units.

ACTIVITIES

The Volunteer will undertake the following activities: **Visitation support**

Maintaining visitation structures, assisting visitors, monitoring groups and schedules, applying profile and satisfaction surveys.

Environmental Education

Environmental awareness and understanding activities for groups and other visitors. Developing educational contents, activities, and events.

Management and maintenance activities

Compiling data, filling spreadsheets, arranging materials and collections.

Monitoring biodiversity

Executing monitoring protocols with field activities, compiling and organizing data.

Waste management

Helping sort waste, proper disposal, and maintaining compost pile.

Hydrological monitoring

Collecting and analyzing water at certain points at RNSM and surrounding areas.

Research support

Accompanying researchers on the field, providing help with equipment and surveys.
